

# ISC CLUB BERN

NEUBRÜCKSTR. 10  
3012 BERN / CH

## CONCERT RIDER

05.2023

### PA

4-way system by Coda Audio. (Main L/R: 2x APS flown per side, subwoofer: 2x SCV-F flown per side, 3x N-Sub integrated in stage. Frontfills and various outfills installed and centrally controlled. System input is stereo and not with a separate Sub in. Very high sound pressure levels possible. Deep bass extension.

Swiss law allows not over 100 dBA<sub>Leq</sub>/1h!

Audio matrix Allen&Heath AHM-64, allows for L/R input to audio system via analog, AES or Dante in a guest situation, house wedges only via analog in. Spotify and DJ inputs enter the system via the Matrix. iPad for remote control.

### FOH DESK

Allen&Heath dlive c3500 in mobile flipcase. Stagebox Allen&Heath DM48; 48 stage inputs, 16 stage returns. iPad for remote control. 6 analog Audio I/O on control surface.

### MONITORING

4-way FOH-Monitoring

5 x L-acoustics 115XT HiQ 15"-wedges on 4 sends, bi-amped with QSC PLD 4.5

2 x ElectroVoice EKX-12P powered fullrange cabinet; 1 x ElectroVoice EKX-18SP 1x18" powered subwoofer

The club is too small (really!!) for an on-stage monitormix; the monitors must be controlled from the FOH desk.

### MICROPHONES

- > SHURE: sm91, sm58, sm57, beta 57, ksm 137
- > AKG: d112, c1000
- > Sennheiser: MD 421, e604, e609
- > 2x Sennheiser ew100 G3 RF microphones with SKM 100-935 handheld transmitter (dynamic, cardioid)
- > 8 DI-boxes passive, 4 DI-boxes active
- > enough stands and clamps in different sizes and cables in different lengths

### ELECTRIC POWER

Swiss power sockets (230V, 50Hz) are not compatible with the "Euronorm". We provide adapters for Schuko (CEE 7/4; German, French, Dutch etc.), english plugs and for the most other european countries. We also provide one transformer for US-standard (115V / 60W; not for amplifiers!).

CEE32 outlet positioned USL.

### CONNECTIVITY

16x Cat6 Patchpoints (4x DSR, 4x USL, 8x FOH) freely patchable to one another.

XLR Patchpoints (FOH, DJ-Booth)

### CONTACTS:
